LENDING LEADERS × SENTIENCE GROWTH · PROPOSAL

More funded deals for Lending Leaders

Two services that work together: your own website, and a Leads Campaign that books qualified meetings onto your calendar.

Website **$500** | Leads setup **$750** | Total to start **$1,250** | **10** qualified meetings in 30 days, guaranteed

For Anand Palanisamy, Owner, Lending Leaders · From Shubham Patel, Sentience Growth (shubhamg@sentiencegrowth.com) · October 26, 2026

WHERE YOU ARE TODAY

Referrals work. They just don't scale.

Referrals from CPAs, bankers and networking work, but they don't scale. A lead-list service last year cost $5,000 to $7,000 with nothing to show for it.

Speed. On MCA and revenue-based deals, borrowers hear from many lenders within 24 hours, so cold lists arrive too late.

Brand. The Lendio franchise page limits your brand, your products (no startup or real estate loans) and your territory.

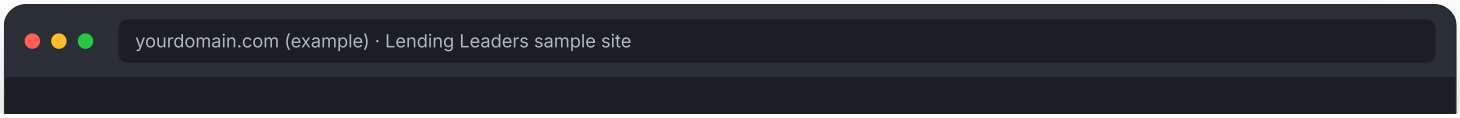

The plan

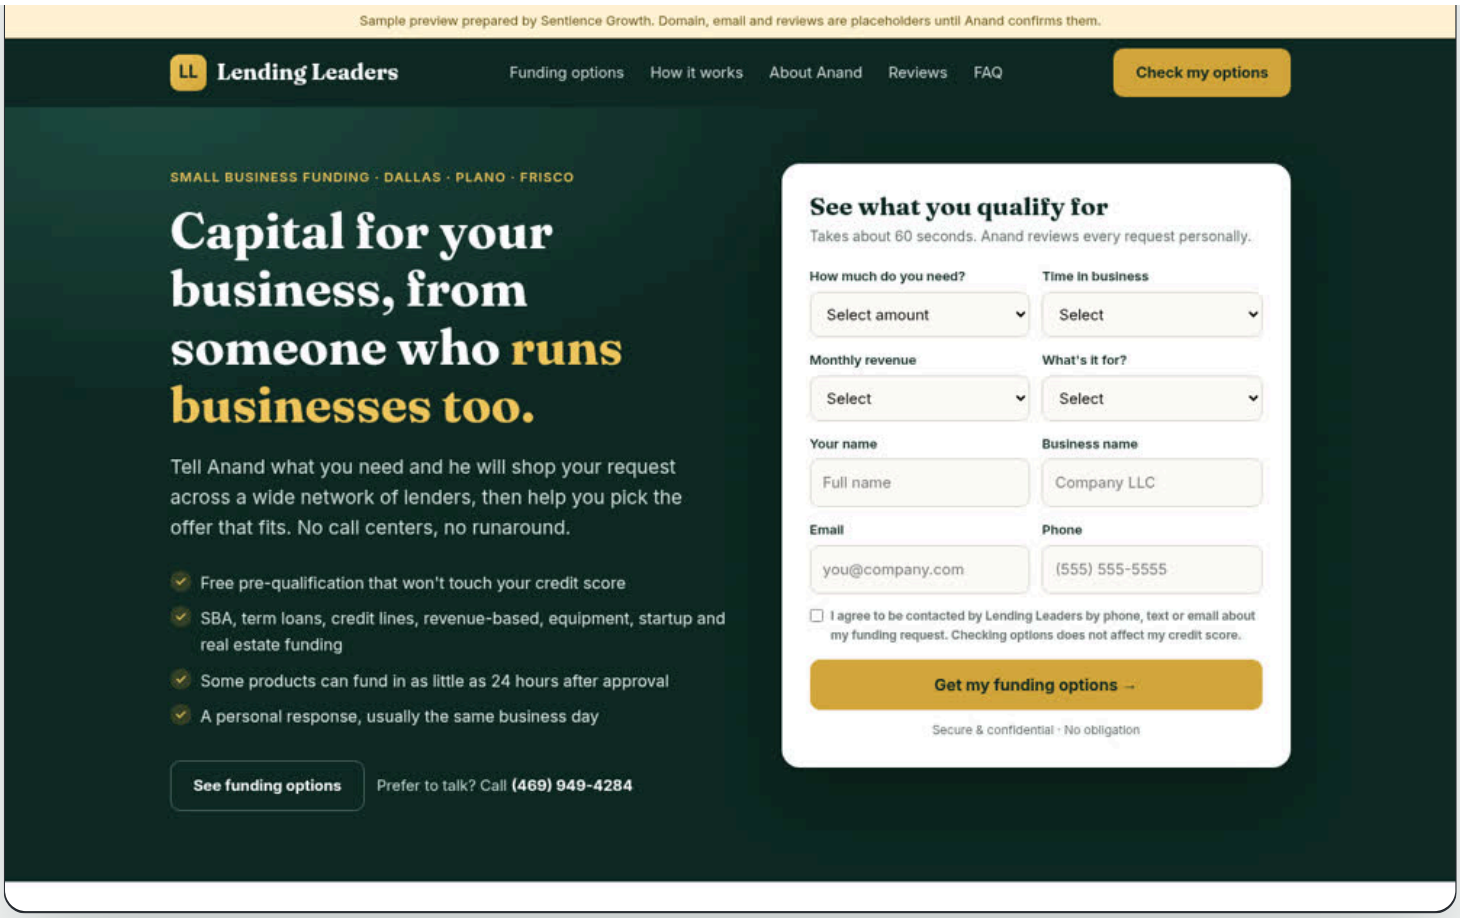

We build your own Lending Leaders website and set up the Leads Campaign alongside it. Prospects we reach land on a site that's yours, and qualified meetings land on your calendar. Each service has its own scope, price and terms.

PROPOSAL 1 LENDING LEADERS WEBSITE

Your own site, with a pre-qualifying lead form

A site under your own brand lets us target beyond your current territory. That means a bigger lead list, more campaign volume, and a landing page that is yours, not Lendio's. It works on its own too: referrals and Google searches land somewhere that's yours.

Scope

- Static Lending Leaders website
- Pre-qualifying form above the fold: funding amount, time in business, monthly revenue
- Basic SEO
- We help you buy the domain and set up hosting after you approve it

Website build

$500

Paid at the start of the project. Built in 2 days, live within a week once we have your details.

Optional upkeep

$59/month

for maintenance, or **$100/hour** for larger changes. You handle hosting.

This is a sample: the funding types, service area and other details are based on publicly available information. Let us know anything that needs changing and we'll update it. The website is a separate project with its own scope and payment, and isn't covered by the campaign guarantee. The campaign guarantee and refund terms do not apply to it.

PROPOSAL 2 LEADS CAMPAIGN

Qualified meetings, booked onto your calendar

Business owners who need funding, screened against your criteria. Here's how we run it.

1

Targeting

We define your ideal borrower with you: decision-makers with a real funding need who meet your revenue criteria, wherever you can fund. You approve it within 48 hours.

2

Infrastructure & warmup

We buy dedicated domains for Lending Leaders, set up inboxes and warm them up for 14 days. Never from your main domain.

3

Copy

We write the email copy for your offer. You approve it within 48 hours.

4

Sending

About 1,000 cold emails a day. You can track the campaigns as they run.

5

Booking

We qualify every interested prospect, with a call to confirm fit, and book only qualified prospects. Your job is to show up and close.

Qualified meeting: a meeting with a prospect who is the decision-maker, has a real funding need, meets your revenue criteria, and attends.

By "leads" I mean qualified meetings that actually happen, so you only pay for real conversations.

Setup

$750

Domains, inboxes and technical setup (discounted rate). **Paid upfront, non-refundable.**

Per attended qualified meeting

$250

Billed as meetings happen. **No retainer.**

✓

Guarantee: 10 qualified meetings in 30 days from launch

If we book fewer than 10 qualified meetings in the first 30 days after launch, you may cancel and receive a refund of the per-meeting fees you paid. Conditions apply:

When the 30 days start: at campaign launch, after the inbox warmup. Any delay on your side is added to the end of the 30 days.

Approvals: you approve the targeting and email copy within 48 hours of receiving them.

Follow-up: you follow up with leads within 24 hours.

No-shows and late cancellations: if you miss a booked meeting without asking to reschedule beforehand, or cancel with less than 24 hours' notice, the meeting counts toward the 10 and is billed at $250.

Speed to lead: reply to any prospect question within 2 hours, and confirm each booked meeting with us within 2 hours (the time works for you and you've accepted the calendar invite). This is what keeps no-shows down.

Disputes: you have 24 hours after a meeting to dispute whether it was qualified, with a reason. After that, it counts.

What's covered: the guarantee covers qualified meetings booked, not deals closed.

Targeting lock: Targeting is locked once you approve it. If you need to change your ideal customer, territory, or funding criteria after launch, we can rebuild the list as a paid add-on, and the 30-day guarantee no longer applies to that campaign.

Refunds: cover only the per-meeting fees you paid, and only if you've met these conditions and are current on invoices. Refunds never include the $750 setup fee or the website.

If you take a refund: campaign work stops, and the domains and inboxes are transferred to you where the provider allows it.
